Colours of Universe !

Blue colour represents the vastness of sky, black- the beauty of night especially when the stars shine, golden-power of sun , red & purple - blooming flowers-hope! My Portfolio focuses on the factors which contribute to a healthy environment. My themes revolve around the word “safeguard”. If I can safeguard the world by protecting forests, animals and people, then I have served the purpose of my existence in this universe!

*Purpose of drawing animals : To
contemplate on the individual quality of
my favourite animals.*

The background is a collage of torn, textured paper in shades of white and light grey, layered over a dark brown, fibrous material. Two large, irregular shapes are painted in a vibrant red color, one on the left and one on the right, partially overlapping the torn paper. The entire composition is framed by a solid blue border.

*Theme: Save environment by
protecting nature, animals
and their homes.*

Prophet Muhammad peace be upon him said that
 “ Cleanliness is half of faith”.This world is a
 blessing from God therefore its our duty to keep it
 clean . In my painting the man is a symbol of
 cleanliness as he believes not only in keeping
 himself clean but also his surroundings to
 maintain a healthy environment!

Peacock dances in monsoon rain-save environment!

Colours of spring

This painting depicts the colourful side of nature which is at its peak in the season spring. Without butterflies and flowers, the nature would be dull. Here a flower symbolizes beauty and butterfly innocence. Therefore we must protect our environment to preserve its beauty and its innocent creatures.

PAF
Pakistan Air Force*

Colours of a Falcon

Nishan-e-Haider

When a soldier dies he is considered dead for us but in the sight of Allah he is alive and takes form of a bird. In my painting that bird is a Falcon representing the martyrs of Pakistan Air Force. My painting “Colours of a Falcon” is painted with rich colours depicting the royalty a martyr achieves on serving his country as a freedom fighter. Red colour depicts his blood, green & white-our flag, purple-flower-hope, blue-PAF uniform and golden the honorary title “Nishan-e-Haider”.

(Hanif in 2030)
I wish to be a PAF pilot by the year 2030. Technology is advancing therefore as an artist I have contemplated in pandemic and designed a fighter aircraft whose detachable flight deck will be able to convert itself into a helicopter or a submarine as needed incase of an emergency.
