Flowers in Flames

Flowers in Flames

My Hero

*Man is God's masterpiece, His crowning achievement,
Some higher than angels, some worse than beasts,
My hero is God's friend, give charity in his prayer,
No one is like him in legends or in the land of spirits,
He is pure, gentle, learned, an intellectual being,
Truly virtuous, without fear, without reproach,
Brave as a Lion, yet with grace, a gallant warrior,
A generous foe, a poet, a soldier, and a saint,
In a state of Divine ecstasy and bewilderment,
Reflects upon universe and its ordered structure,
Sets splendid example of character to the world.
Always eats and dresses in a simple way,
Detests the world with all its pomp and show,
Spends all he earns to help the poor and needy.
Loves Allah, for His sake loves His whole creation,
Does not go to excess, moderation is his guide,
Doesn't refuse a man food even if to his foe,
Does not use a cane even on his camel or a mule,
Doesn't strike a man, unable to defend in the arena,
He scorns everything that is false and low,
Identifies his happiness with honour and virtue,
God granted him wisdom, so he sheds tears in His fear,
In God's fear, his body becomes as stiff as a wood,
Considers, "death sweeter than honey, a reality
And life merely a shadow of a cloud—a dream."*

Longing...
A Driving Force

By Ayesha Khalid

Driving Force

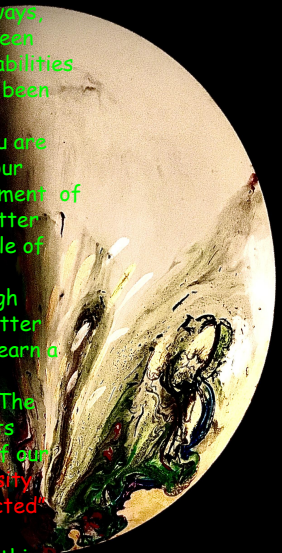

"Longing is the core of mystery. Longing itself brings cure..." Rumi.
Even when the longing is excruciating, it fulfills a purpose namely, the purpose of making meaning in this life. It gives us a sensation of forward motion. To reach our destination, we try to find new ways, paths of life to determine at many points the difference between right and wrong. We learn to recognize and utilize our hidden abilities when we work with passion to achieve what we long for. It has been aptly said by Raymond Holliwell: " **Desire creates the power**"

What you long for can only be called unattainable if you are certain that you have struggled enough for it by utilizing all your capabilities. Still, if you don't get what you long for, the fulfillment of that desire might not be meant for you because nature has better plans for you. Not every wish and desire is fulfilled, it's the rule of life.

If you don't get what you ache for, the process through which you go, to try to attain the unattainable makes you a better person. You become a better version of yourself because you learn a lot during the journey from start to end.

Our desires and longings define our priorities in life. The better the cause, we want to achieve, we will develop the habits accordingly. The things we learn groom us and become a part of our personality. As it has been said by John McDonald: "**The intensity of your desire governs the power with which the force is directed**"

So we should not be afraid to long or desire for something just because of the thought that you might not succeed. Even the non-fulfillment of our desires illuminates our personalities.

***“Freedom Freedom Freedom!
Aren’t we free? Yes, we are!
But pray for those who aren’t.
All I want is freedom!
To forget everything in my past,
To never feel that way again,
Don't let anybody oppress you
Or steal your soul,
Freedom Freedom Freedom!”***

Inhuman Fantasy

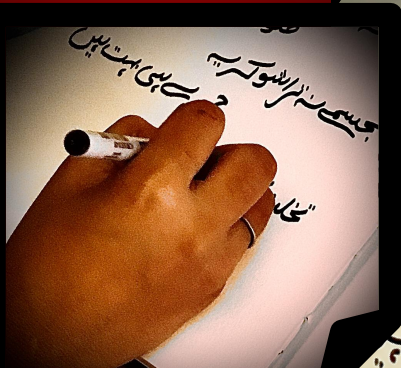

As I stood, I saw a fantasy right in front of me,
Her voice was softer than the silk,
Her presence was dominant as the sunlight,
Her skin was whiter than the milk,

As her hair were dancing in the wind,
I took a step, heart full of nervousness,
Placed my shaking hand on her shoulder,
Suddenly her body started to fade,
Butterflies flying of different shades,
I didn't know what wrong I had done,
The ending of this fantasy is known to none.

تخلیق
جو تخلیق سے ہٹ جائے،
حقیقت نہیں رہتی
بہمیشہ ایک سی
صورت ہے

تخلیق۔

جو تخلیق سے ہٹ جائے، حقیقت نہیں رہتی
مطلب کہ ہمیشہ ایک سی صورت نہیں رہتی
مجسمے نہ تراشو کہ یہ چہرے ہی بہت ہیں
تخلیق کو شیشے کی ضرورت نہیں رہتی

Colours

Colours that make the world bright,

Colours that are vibrant and buoyant,

*Colours without which the life would be
dull and drab,*

*A tinge here and a tinge there,
and marvels to view.*

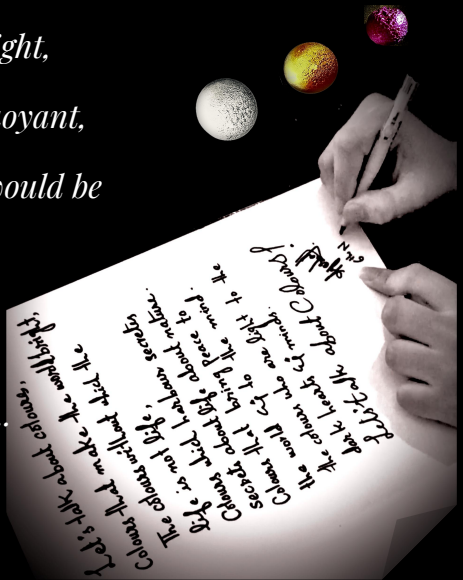

Colours which harbour secrets....

Secrets about life,

*Colours that bring peace to the
world and to mind,*

*Colours which are solace to the dark
hearts and minds....*

So let's talk about colours!
